In the house of representatives a special committee on McKinley memorial services to be held Jan. 29, was appointed by the speaker as follows: Messrs. Arthur, Foster, Ankeny, Silberberg, Painter, Lochary, Garrison, Guthrie, Stage and Gear.

If this resolution should be adopted it will enable the speaker to adjust some complications in the assignment of committees, as it makes places for 16 more members. The increase of the committee on federal relations is of particular interest at this time, as it will have charge of redistricting the state for congressional purposes.

Senate bills introduced: To revise laws relating to negotiable instruments; to allow safe deposit and trust companies to increase their capital stock without offering the new issue to stockholders at par; to give paupers residence in townships where they may have lived three months without receiving relief, and fixing residence of paupers; eliminating requirement of consent of property owners in constructing of street railroads, and also clause permitting 50-year franchisees; to amend statutes providing for excise taxes by doubling excise tax on all quasi-public corporations now affected by the law; to require annual report from all home and foreign incorporations and to impose a one-tenth of 1 per cent fee with each report. These last two bills are in line with Governor Nash's recommendations for revising the tax laws of the state.

PROCEEDINGS IN CONGRESS.

Deficiency Bill in the House and the Philippine Bill in Senate.

Washington, Jan. 21.—The house, without preliminary business, went into committee of the whole and resumed the general debate upon the urgent deficiency appropriation bill.

Representative William Alden Smith (Mich.) introduced a resolution protesting against the British sentence of death passed upon Commandant Scheepers.

Representative Hay (La.) chairman of the Democratic house caucus issued a call for a caucus Friday at 8 p. m. in the hall of the house to receive the report of the special committee on resolutions declaratory of party policy.

Representative Hepburn of Iowa, author of the Nicaragua bill which passed the house, says the report of the isthmian canal commission in favor of the Panama route does not change the legislative status of the canal bill. "Undoubtedly the report will influence individual opinion," said Mr. Hepburn, "but it will not lead to any abandonment of efforts in behalf of the Nicaraguan route by the friends of that measure." Friends of the Panama measure in the house say there will be no move to recall the canal bill and that it remains for the senate to meet the new conditions presented by the report.

Senator Mitchell has introduced a bill authorizing the admission to soldier homes of men who fought in the Indian wars on the frontier.

Secretary Root has transmitted to the senate a flazetteer of the Philippine islands prepared in the division of insular affairs containing information relative to the different islands and provinces and their civil and military governments, their facilities of transportation, the cable and postal stations and general information concerning all localities in the Philippines. The report is compiled from official and other sources. Secretary Root urged that it be printed because, he says, he thinks it would be a valuable addition to the public literature upon the subject of the Philippines.

The senate passed a number of private pension bills and bills granting permission to construct bridges and at 2 o'clock Senator Lodge spoke on the Philippine tariff bill, followed by Senator Rawlins of Utah.

In introducing a bill for the reclamation of arid lands, Senator Hansbrough (N. D.) said it was a measure unanimously agreed on by senators and representatives of 13 states and three territories. A resolution offered by Senator Mitchell (Or.) calling on the secretary of war for complete information regarding the transport service of the United States was adopted.

Cashier Matteson's Shortage.

Great Falls, Mont., Jan. 21.—It was given out by officials of the First national bank that the alleged defalcation of Cashier Matteson may be estimated at \$70,000. G. T. Curtis, president of the bank, in speaking of the matter said: "There is not the slightest question of the solvency of the bank. Mr. Matteson has told us of his shortage and his statement is being checked out. The loss will fall upon the stockholders and neither the depositors nor any one outside of the shareholders will be affected in the slightest degree." Cashier Matteson is under arrest.

DEFALCATION CHARGE

Launched in Miners Convention by a Discharged Female Clerk.

IT CREATED STIR OF EXCITEMENT.

Claim Made That Former Secretary Pearce Overdrew His Allowances and That Mitchell and Other National Officers Protected Him.

Indianapolis, Jan. 21.—Charges against President Mitchell, Secretary Wilson and the executive board of the United Mine Workers of America were the first order of business before the United Mine Workers' convention Tuesday afternoon, and the unexpected announcement that the charges would be taken up caused a flurry of excitement in the convention.

President Mitchell, in a voice full of emotion, addressing the convention, said: "Gentlemen of the United Mine Workers' convention, the election of officers was to have been the first thing on the program today, but I have to say, with deep feeling and regret, that the charges have been made by Miss Mollie Meredith, an ex-employee of the national office, affecting myself as president of the national body, against your national secretary, Mr. Wilson, and also against the national executive board. The time has come for the election of national officers, but I am unwilling to proceed until these charges have been heard. I therefore ask the convention to hear these charges, and I ask W. D. Van Horne of Indiana to take the chair while the charges are being heard."

When Mr. Van Horne took the chair Delegate Love of Iowa moved that the convention go into closed session, and that all newspaper men be excluded while the charges were heard. Delegate McKay of Pennsylvania opposed the motion. Delegate Nichols said that some delegates seemed anxious to have the charges aired. He thought those making the charges ought to ask permission to appear and make them.

Delegate Harrison of Illinois moved that Miss Meredith be sent for and asked to explain the charges. The motion carried, and acting President Van Horne appointed Delegates Nichols of Pennsylvania, Reese of Iowa and Haskins of Ohio a committee to go to the Denison hotel to escort Miss Meredith to the convention hall. There was much suppressed excitement throughout the convention as it awaited the hearing of the charges. President Mitchell took a seat back on the stage and awaited Miss Meredith's coming.

Delegate Reese on returning to the hall, bringing Miss Meredith, said she had prepared the charges in the form of a typewritten manuscript. Reese said Miss Meredith would read the statement and would be at the disposal of the committee.

The reading of the charges presented an unusual scene in a miners' convention.

The charges allege defalcation by the former secretary-treasurer, Pearce, and allege that President Mitchell and Secretary-treasurer Wilson did not give out all the facts concerning Pearce's actions and that they "willfully lied" to the miners' committee a year ago. An investigation of the books is demanded to see how much Pearce's defalcation was. It is intimated that both Mitchell and Wilson sought to protect Pearce, and for that reason did not give all the facts. Miss Meredith charges that Pearce frequently presented bills for double the amount of purchases. She also says that Pearce's "extra money" amounted to \$2,000 a year, while Mitchell and Wilson reported that he had taken only \$160. Miss Meredith also says that Mitchell allowed Pearce to go away as a "sick man" and send in his resignation from French Lick Springs.

At the conclusion of Miss Meredith's statement Secretary-treasurer Wilson spoke at length. He denied the statement and said it was the outgrowth of spite.

Mr. Mitchell addressed the delegates, denying the stories contained in Miss Meredith's statement. The convention appeared to be with the president, as his remarks were frequently interrupted by applause.

Explosion in Colorado Mine.

Walsburg, Colo., Jan. 21.—Three men were killed and three others badly burned by an explosion in one of the Colorado Fuel and Iron company's properties at Pietou, three miles from here. Among the killed are a colored laborer named Johnson and Frank Marquis. A brother of Superintendent Gropp of the mine was badly injured. The fire in the mine has been extinguished and the company's property was not extensively damaged.

Washington, Jan. 21.—The cabinet meeting Friday was devoted largely to the discussion of pending appointments in the several departments, and the coming visit of Prince Henry.

FOR A BRUTAL CRIME.

Scaffold Ends the Life of a Man Who Flew to y Killed His Wife.

Wilkes-Barre, Pa., Jan. 21.—John Lutz was hanged Tuesday for the murder of his wife. Lutz kept his nerve until the noose was placed over his head when he gave way and would have collapsed had he not been supported by the sheriff.

The crime Lutz committed was particularly brutal. The evening of Nov. 28, 1899, he became enraged because his wife did not desire their daughter to play an organ as the child was ill. Lutz left the house and returned at midnight with an axe. Proceeding to the room where Mrs. Lutz and her daughter were sleeping, he brained his wife, then retired to his own room where he was arrested next day. At the first trial the jury was out 16 days before returning a first degree verdict. One of the jurors informed the judge that he was impelled by sickness to sign the verdict which was against his conscience. Lutz was given a new trial and was convicted.

Pardoned and Hanged.

Jefferson City, Mo., Jan. 21.—J. L. Craft, a convict at the state penitentiary was hanged in the county jail here for the murder of Henry Spieker, a member of a posse who tried to arrest him after he escaped from prison. Craft was sent to the Missouri penitentiary from Lawrence county in 1896 for train robbery. At the time of his arrest he was a fugitive from justice in Texas where he committed a train robbery. May 9, 1899, he escaped from the Missouri penitentiary in citizen's clothes obtained in the factory where he was working. At a farm house he stole a rifle and when Henry Spieker, a member of a posse came up, Craft shot and fatally wounded him. Craft was shot and recaptured. He was tried and convicted of murder in Cole county court and sentenced to hang. Governor Dockery pardoned Craft of his prison sentence in order that he might be hanged.

Two Negroes Executed.

New Orleans, Jan. 21.—Two negro murderers paid the penalty of their crimes at Mississippi City. Lewis Johnson, the assassin of City Marshal Richardson of Gulf Port and Victor Johnson, who brutally murdered a little girl at Pass Christian, were hanged from the same scaffold in the presence of a large crowd. Lewis was seized with religious fervor and shouted from the trap, while Johnson was too badly frightened to speak.

Negro Murderer Hanged.

Kansas City, Jan. 21.—Albert Garth, 26, colored, who killed Minnie Woods, a negress, here Dec. 22, 1899, was hanged at the county jail. He walked bravely to the scaffold, maintaining comparative calm to the last. Several movements were made to secure executive clemency.

QUIET AT PANAMA.

General Alban Was Killed In Fight With the Liberal Fleet.

Panama, Colombia, Jan. 21.—All is quiet here. General Herrera, the revolutionary leader, informed Captain Mead of the United States cruiser Philadelphia that he came here to prevent the Colombian government using the steamer Lautaro against the Liberals. He had accomplished this, and therefore retired. The revolutionists had 17 wounded in Monday's engagement. The number killed can not probably be ascertained. Of the government forces five men killed, four wounded.

New York, Jan. 21.—The Colombian consul, Mr. Bugard, received the following dispatch from Panama, dated Jan. 20: "General Alban attacked the rebel fleet and perished on board the steamship Lautaro. Have turned over command. Am prepared to defend city with 1,000 men." The dispatch was signed by Arjona, who was General Alban's secretary.

Iowa Senatorial Election.

Des Moines, Ia., Jan. 21.—Both houses of the Iowa legislature voted separately for the election of two members for the United States senate. This is the second time in the history of Iowa that a legislature has chosen two United States senators at one time. The vote was on strict party lines. In the senate William B. Allison of Dubuque and Jonathan P. Dolliver of Fort Dodge, Republicans, received 39 votes and E. H. Thayer of Clinton and John J. Seerley of Burlington, Democrats, got 11 votes. In the house Allison and Dolliver received 84 votes and Thayer and Seerley 16 votes. Wednesday a joint session will be held to ratify the elections.

San Francisco, Jan. 21.—Patrolman Eugene C. Robinson was shot and killed by three burglars whom he surprised in the act of breaking into a hardware store. One of the safe crackers, supposed to be W. F. Daly, was badly wounded by a shot from Robinson's pistol and captured. Robinson discovered the burglars just as they were entering the store. Daly will recover unless blood poisoning results from his wound. He refuses to tell who were his companions.

GOV. TAFT QUITE ILL.

Climate of the Philippines Severely Taxed His Health.

HE IS ON HIS WAY TO WASHINGTON.

Will Report to the President on the Progress of Civil Government in the Archipelago—He Expects Peace Will Be Accomplished Soon.

San Francisco, Jan. 21.—W. H. Taft, civil governor of the Philippine Islands who arrived here on the transport Grant is quite ill. The Philippine climate and the duties he performed have told on his constitution. He feels that after a few days of rest in this city he will be strong enough to undergo the trip east and make his report to the secretary of war. Governor Taft hopes to leave for the east Thursday.

Governor Taft says the war is confined to the two provinces, Batangas and Samar, and that the operations in Batangas occasionally range into the neighboring provinces of Tayabas and Laguna. The governor says General Wheaton is doing splendid work in the islands and assured him shortly before he sailed that the natives of Batangas and vicinity would be pacified before the close of next March. The province of Cebu and Bohol, until recently disturbed by Filipino operations, have settled down, the fighting forces having surrendered. Governor Taft says the Filipinos are anxious to secure a legislature as a step toward the permanent establishment of a civil government. The present civil government has been working with great zeal and has thus far exceeded expectations, the governor says, and the chief difficulty at present is the lack of police protection in the provinces. Small bands of robbers still infest the back districts. They terrorize natives and until they are suppressed absolute peace in the islands will not be obtained. The governor says the native Filipino police have proved a success. They were appointed by the civil government and officered by Americans and do good service.

Governor Taft says that he is much improved by the sea voyage and will spend several days at his old home in Cincinnati before going to Washington. He is accompanied by his wife. During his absence his place on the commission is being occupied by Luke E. Wright, one of the commissioners.

Governor Taft will remain in the United States about two months. He will make an exhaustive report to the president on present conditions in the Philippines under civil government and the success of pacification measures, and will also submit his views upon the needs of the natives. He declares that there has never been a time since the United States became interested in the islands that the attitude of the Filipino people as a whole has been so friendly to the civil government established by the United States as now.

San Francisco, Jan. 21.—General James B. Carnahan, commanding the Uniform Rank, Knights of Pythias, announces that the transcontinental lines have agreed to make a rate of \$50 for the round trip from Chicago to San Francisco and return for the biennial meeting of the Knights of Pythias which opens in San Francisco Aug. 12. From St. Louis, Memphis and New Orleans the round trip will be \$47.50, and from Missouri river points \$45. The dates of sale at all points east of Colorado and El Paso will be from Aug. 3 to Aug. 8 inclusive. The final limit on returning will be Sept. 30. Stop overs will be permitted. The rates are the same as were made for the Epworth Leaguers and from the large attendance at the Pythian triennial meetings it is considered probable that not less than 10,000 people will cross the continent in August.

TO PROHIBIT NEPOTISM.

A Bill Pending in the Legislature to Prevent the Appointment of Relatives to Office.

One of the interesting bills introduced in the House at Frankfort is an act to further regulate appointments to office in this Commonwealth.
 It provides that "no person shall be appointed to any office who is related by affinity or consanguinity within the degree of first cousin to the officer or officers making the appointment or any of them. This act shall apply to all positions to which a salary is attached, or in which the duties pertain to any court, or are for the assistance of any Judge or other public officer or body of officers, or for their service in any way.
 "No person who is a member of the body of officers which is to fill any office of public position by appointment or election shall be eligible for appointment or election to such office during the term for which he holds office as a member of such body.
 "This act shall not apply to the office of Master Commissioner of the Circuit Court.
 "All appointments hereafter made in violation of this act shall be null and void. Existing appointments, which are in violation of this act, shall terminate on January 1, 1903."

In the County Court Tuesday, on motion of Mr. W. D. Cochran, Mr. A. J. Boyd was granted a certificate of honesty, probity and good demeanor.

ADVERTISING STILL GROWS.

More Money and Brains in It Than Ever Before.
 Long ago, says the Cleveland Leader, the prediction was of an heard that a reaction, sweeping and effective, would soon set in against the bulk of newspapers made huge by advertising. It was asserted that the business of giving publicity to business affairs was being overdone.
 Efforts were made to show how much money merchants might save if they all ceased to advertise, and when the trust forming craze was at its height one of the arguments used by promoters of great combinations was that they would be able to do away with most, if not all, of the cost of advertising which had been done by the companies to be united in greater corporations.
 Hardly a glance at the leading papers and magazines is required to show how utterly futile attempts to check the growth of advertising have been. Year by year, month by month, the business widens and strengthens.
 More money and ingenuity are lavished upon advertising to-day than were ever before devoted to that phase of business. Even the great industrial trusts have not been able to do without it.
 If you look at a human hair under the microscope, you will find that its surface is formed of successive overlapping scales. The bristles of the hog bear much resemblance to the human hair, though their diameter is greater and the tidlike scales are much finer. Sheep's hair has coarser scales. It is owing to the existence of these scales that a schoolboy is able by a peculiar process to tell which is the tip and which the other end of a hair rolling it between his finger and thumb. Thus manipulated, the hair always travels in the direction of the base because the edges of the scales prevent it from going the other way.

Not old in style, nor time as counted by the calendar. Many materials as pretty as the new sorts will be, but we have had them a season and to rightly welcome the coming, we must speed the staying stuffs. The King is dead—long live the King.

Woodworms can be destroyed in books and woodwork by benzine. Books are locked up in a cupboard with a sancer of benzine. The insects, as well as their larvae and eggs, soon die off. Furniture and carvings are similarly placed in a room with a dish of benzine and kept closed up for several weeks, the time required for the complete destruction of the insects varying according to the thickness of the wood. New woodwork can be protected against their entry by a coating of glue, as, living on vegetable substances, they do not touch animal product.

In affirming the case of Garrison versus Penn Bros., from Mt. Olivet, the Court of Appeals says: "As it is not the location of property, but the use of it, which determines whether it is a part of the homestead, a house rented out by the debtor is not exempt, though erected on the same lot on which the debtor's residence is located, and though the value of both houses together does not exceed \$1,000."

Representative Kehoe has introduced a bill repealing the tax on dealers in manufactured cigars and tobacco now amounting to from \$6 to \$24 per year. Mr. Kehoe will appear before the Ways and Means Committee when the subject is taken up.

Enquirer: "F. W. Garvin, President of a big zinc mining company operating near Harrison, Ark., is at the Burnet, conferring with Ambrose Green, of Maysville, Ky., and other stockholders. They are turning out 150 tons of zinc ore a day. At present they have to wagon the ore 15 miles to the railroad at a cost of \$3 a ton, but the road is being rapidly completed toward their property. They say they can mine and deliver the ore, including the hauling, for \$8 a ton, and it is worth from \$28 to \$32 a ton, 60 per cent. standard."

That Successful Play, "Lover's Lane."
 The amusement loving people of Maysville and vicinity are fortunate in having such a great success as "Lovers' Lane" for the attraction at Washington Opera House, Saturday, January 25th. This is the same massive production that appeared at Robinson's Opera House, Cincinnati, Thanksgiving week. Ran three months, the past summer, at McVicker's Theater, Chicago, and goes direct from Maysville to Macanley's Theater, Louisville, for a week's engagement.

"Lovers' Lane" is the companion play to "Way Down East" and no play has enjoyed greater success, and the management of the opera house are fortunate in securing this attraction.
 Now a word with you, lend your presence and influence to give "Lovers Lane" a crowded house, and thus encourage the management to secure the big city companies for your pleasure. Seats go on sale at Nelson's Thursday morning at 9 o'clock.

THE BEE HIVE

Remnant Sale Will Be Continued.

A Remnant Sale!

We are taking stock. Taking stock at the Bee Hive is different from any other store. Our stock-taking is house-cleaning. Some stores think dusting off goods is house-cleaning. We don't! House-cleaning with us means every nook and corner in the store. It means getting out the short pieces that were put aside for full pieces during the rush. It means finding soiled goods that made room for clean ones during the rush. In fact it means house-cleaning as only housekeepers and the Bee Hive know how. To give all an equal chance, we will start this sale on Tuesday morning at 9 o'clock. ONE THOUSAND REMNANTS, consisting of Linens, White Goods, White Lawns, White Domestics, Dress Goods, Dress Gingham, Calicoes, Embroideries, Laces, Ribbons, Outings, Crashes, Percales, Silks, Crossbar Muslin, Chambray Gingham, Eiderdown, Velvets—none over ten yards, most of same two to four yards.

THE TRIO DECAMPED,

After Collecting Money in Advance on Many Orders For Enlarging Photos—They Number Many Victims in This Section.

Just before the Christmas holidays an agent soliciting orders for a photograph enlarging firm visited many farmers in this county, and was very successful in securing photographs to be copied. On showing proofs of the pictures enlarged the agent stated that if payment was made then the price would be greatly reduced, and nearly all of his customers took advantage of the promised low rates and paid at once. The goods were to be delivered on Christmas Day.

The agent, by the way, is described as a glib talker, a very promising young man, and had a habit of jerking his head backward to keep his long hair from obstructing his eyes, and, according to the testimony of several irate women who were victimized, was as "homely as a mud fence staked and ridged with tadpoles."

Messrs. Harvey and Will Rice, living out on the Fleming pike, when they found their wives had made payments to the agent followed him and made him give back the money. Others were not so fortunate and it is thought that the agent, who was one of a block of three who put up at the St. Charles Hotel while in Maysville, has taken a snug sum of money from Mason, Fleming and Lewis counties. Mr. Ab. Bramel, of the Orangeburg neighborhood, is out \$2.50, Bob Moody, also same place, \$1.50, his mother \$3 and many others who refuse to state whether they did or did not give orders.

After waiting for weeks and hearing nothing of their pictures, the victims at last discovered by some means that the party had boarded at the St. Charles Hotel, but had decamped Christmas Day, leaving board bills unpaid and a pile of the photographic proofs in their room five feet high. What they did with the original pictures is not known and the worst of it is the most of the pictures are family portraits that cannot be replaced.

The manager of the hotel has kindly given the victimized parties the privilege of claiming proofs of their pictures, and many have taken advantage of the offer during the past week.

Some of the parties victimized are in favor of collecting a fund from the parties who have been so unjustly treated with the object of bringing the parties to justice, if possible. The outcome of the affair has created much excitement throughout the farming community and it is safe to say if a picture enlarger were to come around now he would receive more kicks than half-pence.

Judge Wall returned from Covington yesterday where he attended the funeral of D. Pendleton Buckner, his nephew by marriage. Mr. Buckner belonged to the Twentieth U. S. Infantry, and died of pneumonia in the Philippine Islands, Nov. 20th. He was buried in Highland Cemetery, a guard of honor from Ft. Thomas being in charge of the remains. Another gallant young life sacrificed to extend our insular possessions.

INHERITS NICE FORTUNE.

Wife of Mr. S. A. Wood, Formerly of This City. One of the Heirs To An Estate of \$200,000.

[Cincinnati Enquirer.]

A few days ago Mrs. Susan Ryman, who was the widow of Gideon Ryman, for many years proprietor of the Indiana House on Fifth, made Mrs. Nora Wood, wife of Samuel A. Wood, her heir. This was done by the filing in the Probate Court of a declaration that because she had raised Mrs. Wood from a child two years old, and regarded her as her daughter, she made that woman her heir the same as if she had been her child born in lawful wedlock. This proceeding was recorded, and in that way Mrs. Wood became the heir of Mrs. Ryman just as though she had been her child by birth. Mrs. Ryman was at that time ill and was not expected to live long, and wanted to do that which she had contemplated doing for years, and to accomplish the same end as if she had adopted Mrs. Wood when she was a child.

Last Friday Mrs. Ryman died, and Monday her will was opened. She left an estate estimated at \$125,000 in real estate, but which is believed to be worth about \$200,000. Most of it is in the Indiana House property. She disposed of this by giving Benson Warden, of Plainville, Ohio, \$5,000; Mrs. Priscilla R. Kennedy, of Covington, Ky., \$2,000; Allanson Ryman, of Cedar Grove, Ind., \$2,000, and the remainder in trust to be divided after the real estate has been converted into cash as follows: One-tenth to her sister, Elizabeth Hite, of Topeka, Kan.; one-tenth to the children of that woman, one-tenth to her sister, Margaret Asher, one-tenth to three of the children of Amanda Mullen, one-tenth to the children of Margaret Buskirk, one-tenth to the children of Anna Rittenhouse, one-tenth to the children of James M. Gear, one-tenth to the children of Henry Gear, two tenths to Mrs. Nora Wood. The latter is an artist at 43 West Fifth street. Her husband, S. A. Wood, is executor without bond.

A Fine Old Government Clock.

It is a fine old clock which stands in the Senate lobby fronting the main entrance to the Senate chamber. For almost a century it has been ticking away, night and day, and now it is as good as ever.

The old clock is about eight feet high, and its frame is solid mahogany. Its face is about a foot and a half in diameter, and the name of Thomas Voight, Philadelphia, shows by whom and where it was made. It used to stand in the old Senate chamber, now the Supreme Court room, where Webster and Clay and Benton and all the famous men of the past debated great questions. If the clock could only talk, it could tell many tales of dramatic interest.

Supreme Recorder of Legion of Honor Added Death to Defeat.

St. Louis, Jan. 21.—William H. Hoffmeister of St. Louis, ex-supreme recorder of the Legion of Honor, committed suicide at the Planters hotel by shooting himself with a revolver.

The only witness was George M. Ackley of Kansas City. Deputy Coroner Boogher took charge of the remains. Mr. Hoffmeister was defeated for re-election as supreme recorder of the Legion of Honor by C. R. T. White and an entirely new supreme council was elected. One feature of the struggle was the arrest of Otto A. Overbeck, candidate for supreme chancellor, leader of the opposition to the administration. Friends of the Overbeck ticket procured Mr. Overbeck's release on bond and hurried with him to the meeting hall where they arrived in time to vote, his own vote being necessary to win.

Mr. Hoffmeister was 40 years old. He had held the office of supreme recorder of the order 13 years.

Coughed Up Bayonet Tip.

Los Angeles, Cal., Jan. 21.—After being given up to die of what the physicians supposed was consumption, James W. Plunkett, a veteran soldier of the regular army now staying in the city, coughed up the tip of a bayonet out of his lungs and probably will get well. Plunkett, who is a soldier of 20 years' experience, and who last saw service with the Fifty-first United States volunteer infantry, is unable to account for the tip in his lungs, but supposed he must have swallowed it. He often used his bayonet as a can opener, and presumably the point broke off in opening a can of meat.
